

## Parker Duo stand

### INSTALLATION GUIDE

The stands for Parker Duo are packed in one box. Please check the contents when you receive them. If the shipping box does not arrive in its original state, please contact your dealer immediately.

**We recommend that two people unpack and assemble the stands.**

#### Contents

- 2 x bottom plate
- 2 x stand
- 8 x base plate bolts (bag 1)
- 8 x top plate bolts (bag 2)
- 8 x Marten Isolators

#### How to set-up

1. Attach the base plate to the stand using the base plate bolts (bag 1)
2. Place the stand upright
3. Attach the Marten Isolators to the stand
  - 3.1 Lift the right side of the stand
  - 3.2 Screw Isolators into the stand as far as possible without over-tightening
  - 3.3 Lower the right side of the stand
  - 3.4 Repeat steps 3.1 - 3.3 for the left side of the stand
  - 3.5 Adjust each Marten Isolator to ensure the stand is level
  - 3.6 Rotate each Marten Isolator so the Marten logo faces forwards
  - 3.7 Tighten nuts to fix the position of each Marten Isolator
4. Place the speaker on top of the stand
5. From underneath, attach the top plate to the speaker using the top plate bolts (bag 2)
